## EXPLANATION OF LISTINGS AND SYMBOLS

Information concerning each member of the five State Medical Societies and Associations is presented in the following sequence:

Surname, Given Name or Initials; Office Address; Office Telephone Number; City or Town (with post office zone numbers for Denver and Salt Lake City if zone numbers were reported to the Editors); Symbol indicating specialty; Symbol or words in parentheses ( ) indicating Field of Practice.

**NAMES**—Names of all members (regardless of type of membership such as active, honorary, associate, etc.) are included as they appear on the official roster of membership kept by the five respective state secretaries. Members' names are included even if they failed to return a Directory Information Card.

**ADDRESSES**—Office addresses rather than residence addresses are listed except in cases where a member maintains no office or combines his office and residence. In smaller towns where street or building addresses are not used, or if the detailed local address was not reported, the name of the town is repeated.

**TELEPHONE NUMBERS**—These are office telephone numbers as supplied by the members on the Directory Information Card. If a member failed to return his card, his last-known office telephone number from the most recent telephone directory is given. The name of the telephone exchange precedes the number. In Denver, the telephone dial system requires dialing the first two letters of the exchange name, therefore the letters to be dialed are both capitalized, thus: CHerry 5521. In Salt Lake City, the telephone exchanges are numbered rather than named, thus: 3-9137. In others, the name of the town is the name of the exchange and is so given, thus: Pueblo 7890.

**CITY OR TOWN, AND POST OFFICE ZONES**—The name of the city is repeated with the post office zone number of the member's address in the cases of Denver and Salt Lake City, unless the member failed to report his zone number on the Directory Information Card. In other cities and towns where building or street addresses are given, the name of the city or town is repeated only where it is believed necessary for clarity.

**SPECIALTY AND FIELD OF PRACTICE**—Despite clear instructions on the Directory Information Card from which information pertaining to "Specialty" and "Field of Practice" was obtained, many members listed more than one specialty. Others listed two or more full-time fields of practice and stated that they were devoting full-time to each.

By order of the Editorial Board and the Board of Trustees, only one specialty and only one Field of Practice are listed for any member. If a member listed more than one specialty, the one he named first or highest in his list is carried in this Directory. If he stated that he was engaged in Private Practice and also stated he was devoting "full-time" to some other field, he is listed as in private practice. If he stated he was not in private practice but was devoting "full-time" to two or more full-time fields of practice, the first such field listed by him on his card is represented by the appropriate symbol. Names added to the Directory too late to reply to information cards are designated with such symbols as their respective Medical Society Secretaries were able to supply.

**IF NO SYMBOL APPEARS**—If no symbols appear for either Specialty or Field of Practice, the member failed to return a Directory Information Card in spite of repeated requests. The Editors were instructed to enter such symbols only upon the authority of an information card signed by the member. If one appears without the other (i.e., either Specialty or Field of Practice) it is because the member completed only part of his card, or because he listed as his specialty one which is not so recognized by the American Medical Association.

**SYMBOLS**—Symbols indicate limitation of practice to a specialty, or special interest without limitation of practice, according to the following list as used and recognized by the American Medical Association in its Directories:

GP	—General Practice	A	—Allergy
S	—Surgery	C	—Cardiovascular Disease
Pr	—Proctology	GE	—Gastroenterology
NS	—Neurological Surgery	Ful	—Pulmonary Diseases
Or	—Orthopedic Surgery	Pd	—Pediatrics
PL	—Plastic Surgery	P	—Psychiatry
Anes	—Anesthesiology	N	—Neurology
Ob	—Obstetrics	PN	—Psychiatry and Neurology
Gyn	—Gynecology	Path	—Pathology
ObG	—Obstetrics and Gynecology	CP	—Clinical Pathology
Oph	—Ophthalmology	Bact	—Bacteriology
ALR	—Otolaryngology, Rhinology	R	—Roentgenology, Radiology
OALR	—Ophthalmology, Otolaryngology, Rhinology	PH*	—Public Health
D	—Dermatology	Ind	—Industrial Practice
U	—Urology	HAD	—Hospital Administration
I*	—Internal Medicine	PM	—Physical Medicine
		TS	—Thoracic Surgery

\*The asterisk indicates that practice is limited to that specialty; the symbol without an asterisk indicates special attention to, and interest in, that specialty without limitation of practice. Symbols for Internal Medicine and for Public Health are used only when the member stated that he limits his practice.

Symbols or words in parentheses ( ) indicate the member's Field of Practice as follows:

(PP) Engages in the PRIVATE PRACTICE of medicine (either full-time or part-time).

(Intern) Engaged full-time in an internship or externship.

(PG Res) Engaged full-time in a post-graduate hospital residency.

(PG) Engaged full-time in post-graduate study, but not as a hospital resident.

(Research) Engaged full-time in scientific research.

(Armed Forces) On full-time Active Duty with the medical department of the United States Army, Navy, Air Force, Marine Corps, or Coast Guard.

(PH)—Engaged full-time in one of the state, district, county, or city public health departments, not, however, with the United States Public Health Service.

(USPHS) On full-time Active Duty with the United States Public Health Service.

(Gov) Engaged full-time in a federal governmental medical activity other than the Armed Forces and the U. S. Public Health Service; includes the Veterans Administration, Indian Service, etc.

(Med. School) Engaged full-time on the faculty of a medical school.

(Student Health Service) Engaged full-time by the established Student Health Service of a university or other institution of higher learning.

(School Health Service) Engaged full-time by the health service of a primary or secondary public school system.

(Exec) Engaged full-time in an executive capacity.

(Ind) Engaged full-time in industrial medicine or surgery by an industrial firm.

(Hosp) Engaged full-time by a hospital.

(State Hosp) Engaged full-time by a state-operated hospital.

(Ret) Retired from Practice.

(Associate Member); (Emeritus Member); (Armed Forces). These words in parentheses designate all persons, physicians or non-physicians, who hold any kind of membership other than active membership.

**TYPOGRAPHICAL ERRORS**—Every effort has been made to present a complete and accurate Directory of Members, as the membership of each Society and Association stood on December 31, 1951. But editors and typographers and proof readers are human and we have no doubt that some errors will be found. Each member is requested to verify his own listing and to notify the Rocky Mountain Medical Journal of any error so that future issues of the Directory will be even better. Each member is reminded, however, that the Editors are not permitted to create new specialty symbols or to list specialties or fields of practice other than within the rules referred to above.

# SERVICE

HOW SOON  
HOW OFTEN  
HOW MUCH

There's no point in assuming an "ostrich attitude" about service. By the very nature of its complexity, X-ray equipment must be serviced. To give you that service . . . to keep your radiographic equipment operating at peak efficiency . . . is the purpose of the KELEKET Service man.

Naturally, with the experience of more than fifty years, KELEKET equipment is designed and built to require the minimum of attention. So, whether it's routine inspection and adjustment, accessory installation or repair, rely on KELEKET Service . . . as soon, as often, as much as you need.

# C-O-M-F-O-R-T YOU HAVE NEVER KNOWN BEFORE

"WASHED" AIR IS WHOLESOME AIR

The moment you enter a Rexaired room, you will notice how fresh the air is; how comfortable it is to breathe. Rexair is the amazing new appliance that actually improves the air you breathe.

Rexair takes dust from carpets, bare floors, drapes, upholstered furniture, and from the air itself. Rexair collects dust and dirt in a water bath; discharges cleaner and moistened air back into the room.

The longer Rexair runs, the cleaner and fresher the air becomes. Rexair has no porous bag from which dust can escape back into the air you breathe. Dust is permanently trapped in water. You pour the water down the drain—dust and dirt go with it.

You feel better and work better when the air you breathe is clean, fresh, and wholesome.
